#### INDEPENDENT AUDITORS' REPORT

Members of the Board of Education Charter School No. 4090 Prairie Creek Community School Northfield, Minnesota

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and each major fund of Prairie Creek Community School, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Prairie Creek Community School's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Members of the Board of Directors Charter School No. 4090 Prairie Creek Community School

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Prairie Creek Community School as of June 30, 2016, and the respective changes in financial position and the respective budgetary comparison for the General Fund, the Food Service Fund and the Community Service Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

# **Report on Summarized Prior Year Information**

We have previously audited Prairie Creek Community School's 2015 financial statements of the governmental activities and each major fund, and we expressed an unmodified opinion on those audited financial statements in our report dated October 12, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2015 is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, TRA Schedule of the School's Proportionate Share of the Net Pension Liability, TRA Schedule of School Contributions, PERA Schedule of the School's Proportionate Share of the Net Pension Liability, and PERA Schedule of School Contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Prairie Creek Community School's basic financial statements. The individual fund statements and the accompanying Uniform Financial Accounting and Reporting Standards Compliance Table as listed in the table of contents as supplementary information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Members of the Board of Directors Charter School No. 4090 Prairie Creek Community School

### **Other Matters (Continued)**

Other Information (Continued)

Supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

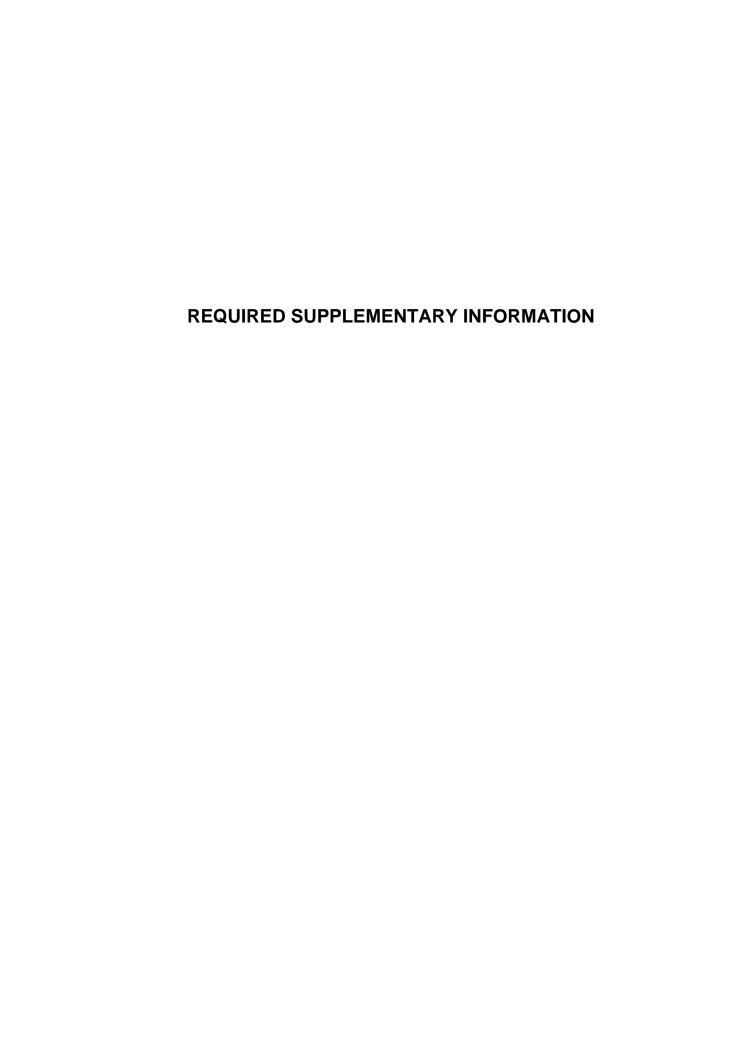

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 4, 2016, on our consideration of Prairie Creek Community School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Prairie Creek Community School's internal control over financial reporting and compliance.

Clifton Larson Allen LLP

Minneapolis, Minnesota October 4, 2016

This section of Prairie Creek Community School – Charter School No. 4090's annual financial report presents our discussion and analysis of the School's financial performance during the fiscal year that ended on June 30, 2016. Please read it in conjunction with the School's financial statements, which immediately follow this section.

#### **FINANCIAL HIGHLIGHTS**

Key financial highlights for the 2015-2016 fiscal year include the following:

- Overall General Fund revenues were \$1,894,823 as compared to \$1,886,823 of expenditures.
- The fund balance for the General Fund increased by \$8,000 from the prior year. Revenues and expenditures of the General Fund increased by 3.6% and 4.1%, respectively, from the previous year.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

The financial section of the annual report consists of four parts – Independent Auditors' Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplementary information. The basic financial statements include two kinds of statements that present different views of Prairie Creek Community School:

- The first two statements are *School-wide financial statements* that provide both *short-term* and *long-term* information about the School's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the School, reporting the School's operations in *more detail* than the School-wide statements.
- The *governmental funds statements* tell how basic services such as regular and special education were financed in the *short term* as well as what remains for future spending.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data.

#### **School-Wide Statements**

The School-wide statements report information about Prairie Creek Community School as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes *all* of the School's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two School-wide statements report the School's *net position* and how they have changed. Net position – the difference between the School's assets and liabilities – is one way to measure the School's financial health or *position*.

- Over time, increases or decreases in Prairie Creek Community School's net position are an indicator of whether its financial position is improving or deteriorating.
- To assess the overall health of Prairie Creek Community School you need to consider additional non-financial factors such as changes in the School's creditworthiness and the condition of its school building.

In the School-wide financial statements Prairie Creek Community School's activities are shown in one category:

 Governmental Activities – Most of the School's basic services are included here, such as regular and special education, transportation, administration, food services, and community education. State aids finance most of these activities.

#### **Fund Financial Statements**

The fund financial statements provide more detailed information about the School's funds – focusing on its most significant or "major" funds – not Prairie Creek Community School as a whole. Funds are accounting devices the School uses to keep track of specific sources of funding and spending on particular programs:

The School has one fund type:

Governmental Funds – Most of School's basic services are included in governmental funds, which generally focus on (1) how cash, and other financial assets that can readily be converted to cash, flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the School's programs. Because this information does not encompass the additional long-term focus of the School-wide statements, we provide additional information at the bottom of the governmental funds statements to explain the relationship (or differences) between them.

# FINANCIAL ANALYSIS OF THE SCHOOL AS A WHOLE

#### **Net Position**

Prairie Creek Community School's *combined* net position was \$61,356 on June 30, 2016 (see Table A-1).

# **Changes in Net Position**

The School's total revenues were \$2,032,770 for the year ended June 30, 2016. Unrestricted state formula aid accounted for 59.8% of total revenue for the year (see Figure A-1). Program revenue accounted for 37.8% of total revenue for the year. Another 2.4% came from other general revenues combined with investment earnings.

| Community Service                    |    | 60,546                          |         | 51,353    | 17.90   |
| Total Expenses                       |    | 2,053,189                       |         | 1,937,486 | 5.97    |
| Change in Net Position               |    | (20,419)                        |         | 4,408     |         |
| Beginning Net Position               |    | 81,775                          |         | 77,367    |         |
| Ending Net Position                  | \$ | 61,356                          | \$      | 81,775    |         |

Total expenses exceeded revenues, decreasing net position by \$20,419 during the current fiscal year.

The cost of all governmental activities this year was \$2,053,189.

- Some of the cost was paid by the users of the Prairie Creek Community School's programs (\$159,398).
- The federal and state governments subsidized certain programs with restricted grants (\$608,296).
- The remainder of the School's costs were primarily paid for by unrestricted state aid.

All governmental funds includes not only funds received for the general operation of the School, which are used for classroom instruction, but also includes resources from the entrepreneurial-type funds of Food Service and Community Service. Funding for the general operation of the School is controlled by the state and the School does not have the latitude to allocate money received in Food Service or Community Service to enhance classroom instruction resources. The School cannot take funds from these restricted areas and use the funds to hire teachers to enhance instruction.

#### FINANCIAL ANALYSIS OF THE SCHOOL'S FUNDS

The financial performance of the School as a whole is reflected in its governmental funds as well. As Prairie Creek Community School completed the year, its governmental funds reported a *combined* fund balance of \$675,880, which was \$3,591 higher than last year's ending fund balance of \$672,289.

Revenues for the School's governmental funds were \$2,010,321 while total governmental funds expenditures were \$2,006,730.

#### **GENERAL FUND**

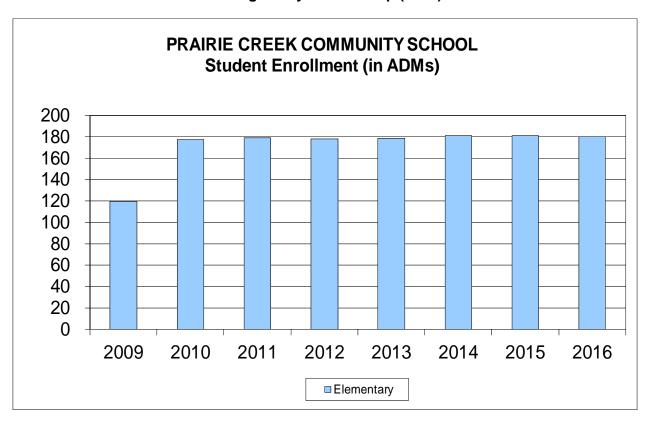

The General Fund includes the primary operations of the School in providing educational services to students from kindergarten through grade 6.

Approximately 90% of General Fund operational revenue is controlled by a complex set of state funding formulas resulting in the local school board having no meaningful authority to determine the level of resources. This includes special education state aid that is based upon a cost reimbursement model providing approximately 96% of personnel expenditures.

#### **ENROLLMENT**

Enrollment is a critical factor in determining revenue with approximately 90% of General Fund revenue being determined by enrollment. The following chart shows that the number of students over the past five years has been constant.

Table A-4
Enrollment Trend
Average Daily Membership (ADM)

In the winter of 2009, Prairie Creek Community School completed a large expansion of its building enabling the School to add up to another 60 students to the School. Over the last seven years, the School has maintained an average daily membership of between 178 - 181 students and it is anticipated that enrollment will remain steady in the future at 180. The School has a waiting list of students wishing to attend the School and, therefore, performs lottery drawings annually for available spaces.

The following schedule presents a summary of General Fund Revenues.

Table A-5
General Fund Revenues

|                            |    | Year             | Ende             | ed        |                        | Chang  | j <b>e</b> |  |

| Other                      |    | 114,439          |                  | 75,047    |                        | 39,392 | 52.5       |  |
| State Sources              |    | 1,708,918        |                  | 1,694,433 |                        | 14,485 | 0.9        |  |
| Federal Sources            |    | 70,571           |                  | 58,287    |                        | 12,284 | 21.1       |  |
| Total General Fund Revenue | \$ | 1,894,823        | \$               | 1,828,673 | \$                     | 66,150 | 3.6        |  |

Total General Fund Revenue increased by \$66,150 or 3.6% from the previous mainly year due to increased special education reimbursements and an increase in private grant funds received.

The following schedule presents a summary of General Fund Expenditures.

Table A-6
General Fund Expenditures

|                        | June 30,<br>2016 | June 30,<br>2015 | Amount of Increase (Decrease) | Percent<br>Increase<br>(Decrease) |  |

| Employee Benefits      | 271,723          | 268,688          | 3,035                         | 1.1                               |  |
| Purchased Services     | 509,949          | 476,866          | 33,083                        | 6.9                               |  |
| Supplies and Materials | 55,114           | 62,865           | (7,751)                       | (12.3)                            |  |
| Capital Expenditures   | 9,153            | 36,206           | (27,053)                      | (74.7)                            |  |
| Other Expenditures     | 23,600           | 20,657           | 2,943                         | 14.2                              |  |
| Total Expenditures     | \$ 1,886,823     | \$ 1,812,869     | \$ 73,954                     | 4.1                               |  |

Total General Fund Expenditures increased \$73,954 or 4.1% from the previous year. This is largely due to higher special education costs resulting from greater student needs.

# **General Fund Budgetary Highlights**

Following approval of the budget prior to the beginning of the fiscal year, Prairie Creek revises the annual operating budget in mid-year (if necessary) and then in late spring. These budget amendments typically fall into two categories:

- Implementing budgets for specially funded projects, which include both federal and state grants and reinstating unexpended funds carried over from the prior fiscal year.
- Legislative changes evaluated subsequent to budget adoption, changes necessitated by employment agreements, and increases in appropriations for significant unbudgeted costs.

Actual revenues were just \$4,855 (0.3%) less than expected. The actual expenditures were \$20,158 under budget for a 1.1% variance. While the budget had reflected a deficit of \$7,303 for the year the actual results reflected a net \$8,000 increase in ending fund balance for a net variance of \$15,303.

#### OTHER MAJOR FUNDS

Expenditures exceeded revenues in the Food Service Fund by \$1,356.

Expenditures exceeded revenues in the Community Service Fund by \$3,053.

#### **CAPITAL ASSET AND DEBT ADMINISTRATION**

#### **Capital Assets**

By the end of 2016, the Prairie Creek Community School had invested \$593,933 in its capital assets, including learning materials, computer and audio-visual equipment, leasehold improvements, and furniture (see Table A-7). (More detailed information about net investment in capital assets can be found in Note 4 to the financial statements.) Total depreciation expense for the year was \$32,015.

# Table A-7 The School's Capital Assets

|   | <br>2016                              | 2015 | Percentage<br>Change            |                     |
|---|---------------------------------------|------|---------------------------------|---------------------|
| Leasehold Improvements Equipment Less: Accumulated Depreciation | \$<br>419,566<br>174,367<br>(235,779) | \$   | 419,566<br>185,255<br>(225,172) | - %<br>(5.9)<br>4.7 |
| Total   | \$<br>358,154                         | \$   | 379,649                         | (5.7)               |

# **Long-Term Liabilities**

The School's only long-term debt relates to the amounts required to be recorded under new GASB standards which relates to the recording of the School's share of the estimated unfunded liability for the two statewide pension plans (TRA and PERA). (More detailed information about pension liabilities can be found in Note 5 to the financial statements.)

# Table A-8 The School's Long-Term Liabilities

| Long-Term Liabilities: Due in More than One Year | \$<br>1,084,710 | \$<br>930,584 |                      |

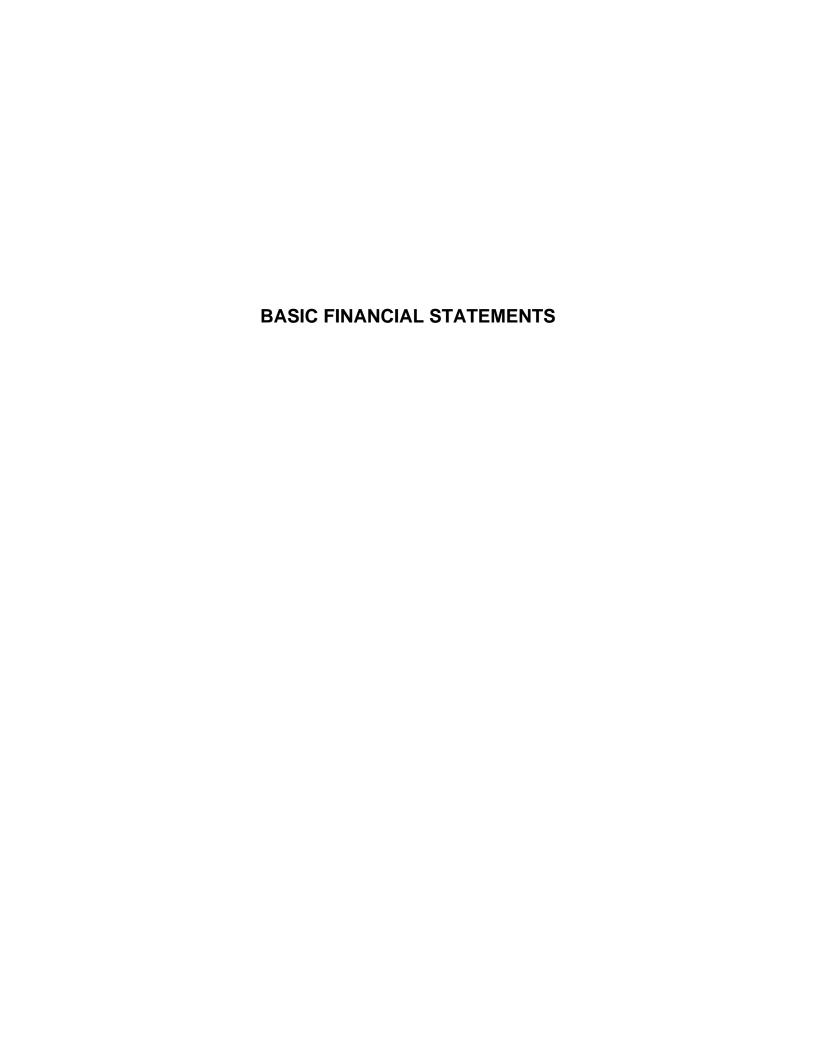

#### FACTORS BEARING ON PRAIRIE CREEK COMMUNITY SCHOOL'S FUTURE

Prairie Creek Community School is dependent on the State of Minnesota for its revenue authority. Recent experience demonstrates that legislated revenue increases have not been sufficient to meet instructional program needs and increased costs due to inflation.

Prairie Creek will maintain its long-standing commitment to academic excellence and educational opportunity for students within a framework of financial fiduciary responsibility.

## CONTACTING THE SCHOOL'S FINANCIAL MANAGEMENT

This financial report is designed to provide our constituents, state oversight agencies, lenders, customers, legislative leaders and creditors with a general overview of Prairie Creek's finances and to demonstrate the School's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Office, Prairie Creek Community School, 27695 Denmark Avenue, Northfield, Minnesota 55057. The telephone number is 507-645-9640.

# NOTES TO BASIC FINANCIAL STATEMENTS

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Basis of Presentation

The financial statements of Prairie Creek Community School have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

## B. Financial Reporting Entity

Charter School No. 4090, also known as Prairie Creek Community School (the School), is a nonprofit corporation that was formed on February 20, 2002, in accordance with Minnesota Statutes. The School is authorized by Northfield Public Schools – and operates under a five-year charter school contract extending through June 30, 2021. The School is dedicated to providing imaginative teaching in an atmosphere of mutual respect. The governing body consists of a board of directors composed of up to eleven members elected by voters of the general membership of the School to serve either one or two-year terms.

The School's policy is to include in the financial statements all funds, departments, agencies, boards, commissions, and other component units for which the School is considered to be financially accountable.

Component units are legally separate entities for which the School is financially accountable, or for which the exclusion of the component unit would render the financial statements of the primary government misleading. The criteria used to determine if the primary government is financially accountable for a component unit include whether or not the primary government appoints the voting majority of the potential component unit's governing body, is able to impose its will on the potential component unit, is in a relationship of financial benefit or burden with the potential component unit, or is fiscally depended upon by the potential component unit. Based on these criteria, there are no organizations considered to be component units of the School.

Aside from its authorizer role, Northfield Public Schools, has no authority, control, power, or administrative responsibilities over Prairie Creek Community School. Therefore, the School is not considered a component unit of the Northfield Public Schools.

Extracurricular student activities are determined primarily by student participants under the guidance of an adult and are generally conducted outside of school hours. In accordance with Minnesota Statutes, school boards can elect to either control or not control extracurricular activities. The School Board has elected to control extracurricular activities; therefore, the extracurricular student activity accounts are included in the School's basic financial statements as part of the General Fund.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Basic Financial Statement Presentation

The School-wide financial statements (i.e. the statement of net position and the statement of activities) display information about the reporting government as a whole. These statements include all the financial activities of the School.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

The School applies restricted resources first when an expense is incurred for purpose for which both restricted and unrestricted net position are available. Depreciation expense that can be specifically identified by function is included in the direct expenses of each function. Interest on long-term debt is considered an indirect expense and is reported separately on the statement of activities. Generally, the effect of material interfund activity has been removed from the School-wide financial statements.

Separate Fund financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

## D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. The School-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Measurement Focus and Basis of Accounting (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting transactions are recorded in the following manner:

#### 1. Revenue Recognition

Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. State revenue is recognized in the year to which it applies according to Minnesota Statutes and GAAP. Minnesota Statutes include state aid funding formulas for specific fiscal years. Federal revenue is recorded in the year in which the related expenditure is made. Food service sales, community education tuition, and other miscellaneous revenue (except investment earnings) are recorded as revenues when received because they are generally not measurable until then. Investment earnings are recorded when earned because they are measurable and available. A six-month availability period is generally used for other fund revenue.

### 2. Recording of Expenditures

Expenditures are generally recorded when a liability is incurred. However, expenditures are recorded as prepaid for approved disbursements incurred in advance of the year in which the item is to be used.

#### Description of Funds

As required by state statute, Prairie Creek Community School operates as a nonprofit corporation under Minnesota Statutes §317A. However, state law also requires that the School comply with Uniform Financial Accounting and Reporting Standards for Minnesota School Districts (UFARS) which mandates the use of a governmental fund accounting structure. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. A description of the funds included in this report are as follows:

#### Major Governmental Funds

## General Fund

The General Fund is used to account for all financial resources except those required to be accounted for in another fund. It includes the general operations of the School as well as the capital related activities such as maintenance of facilities and equipment purchases.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Measurement Focus and Basis of Accounting (Continued)

## Food Service Special Revenue Fund

The Food Service Fund is used to account for food service revenues and expenditures. Revenue is generated from the sales of meals to students and teachers.

## Community Service Special Revenue Fund

The Community Service Fund is used to account for services provided for school age care and a full-day kindergarten program. Revenue is generated from program fees paid by program participants.

#### E. Income Taxes

The School is classified as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and comparable sections of the Minnesota income tax statutes.

### F. Budgeting

Budgets presented in this report for comparison to actual amounts are presented in accordance with GAAP. For fiscal 2016, the School Board adopted an annual budget for the General, Food Service and Community Service Funds. Reported budget amounts represent the amended budget as adopted by the School Board. Legal budgetary control is at the fund level.

Procedurally, in establishing the budgetary data reflected in these financial statements, the Director submits to the School Board prior to July 1, a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means to finance them. The budget is legally enacted by School Board action. Revisions to budgeted amounts must be approved by the School Board.

Total fund expenditures in excess of the budget require approval of the School Board. Spending control is established by the amount of expenditures budgeted for the fund, but management control is exercised at the line item level.

At the end of each fiscal year, if the General Fund has a net unassigned deficit fund balance, calculated in accordance with the uniform financial accounting and reporting standards for Minnesota schools which excludes certain reserves specified in Minnesota Statutes, exceeding 2.5% of expenditures, a condition referred to as "statutory operating debt" exists. That debt requires retirement through the accumulation of subsequent operating surpluses in accordance with a "special operating plan" approved by the Commissioner of the Department of Education.

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

## F. Budgeting (Continued)

Budgeted amounts include mid-year budget amendments that changed revenue and expenditure budgets as follows

|                        |        | Original  | Amended |          |                 |  |  |
|------------------------|--------|-----------|---------|----------|-----------------|--|--|
| Revenues               | Budget |           | _Am     | endments | Budget          |  |  |
| General Fund           | \$     | 1,841,858 | \$      | 57,820   | \$<br>1,899,678 |  |  |
| Special Revenue Funds: |        |           |         |          |                 |  |  |
| Food Service Fund      |        | 59,634    |         | 66       | 59,700          |  |  |
| Community Service Fund |        | 43,350    |         | 10,650   | 54,000          |  |  |
| Expenditures           |        |           |         |          |                 |  |  |
| General Fund           | \$     | 1,854,822 | \$      | 52,159   | \$<br>1,906,981 |  |  |
| Special Revenue Funds: |        |           |         |          |                 |  |  |
| Food Service Fund      |        | 60,368    |         | 610      | 60,978          |  |  |
| Community Service Fund |        | 43,781    |         | 13,642   | 57,423          |  |  |

#### G. Cash

Cash balances from all funds are combined and invested to the extent available in various securities as authorized by Minnesota Statutes. Earnings from the pooled investments are allocated to the respective funds on the basis of applicable cash balance participation by each fund.

#### H. Accounts Receivable

Accounts receivable represents amounts due from individuals, firms, and corporations for goods and services furnished by the School. No substantial losses are anticipated from present receivable balances, therefore, no allowance for uncollectible accounts is deemed necessary.

#### I. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepayments. Expense is allocated over the period benefitted.

#### J. Capital Assets

Capital assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The School maintains a threshold level of \$1,500 or more for capitalizing capital assets. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### J. Capital Assets (Continued)

Capital assets are recorded in the School-wide financial statement, but are not reported in the Fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purpose by the School, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 5 to 20 years for equipment and leasehold improvements.

The School does not possess any material amounts of infrastructure capital assets.

#### K. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position and balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School has one item that qualifies for reporting in this category.

In addition to liabilities, the statement of financial position and balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The School has one item that qualifies for reporting in this category

#### L. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### M. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and Teachers Retirement Association (TRA) and additions to/deductions from PERA's and TRA's fiduciary net position have been determined on the same basis as they are reported by PERA and TRA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

TRA has a special funding situation created by direct aid contributions made by the State of Minnesota, City of Minneapolis, and Minneapolis School District. This direct aid is a result of the merger of the Minneapolis Teachers Retirement Fund Association merger into TRA in 2006. A second direct aid source is from the State of Minnesota for the merger of the Duluth Teacher's Retirement Fund Association (DTRFA) in 2015. Additional information can be found in Note 7.

#### N. Accrued Employee Benefits

Unpaid sick and personal leave has not been accrued in any funds as these benefits do not vest to employees.

#### O. Fund Balance

In the fund financial statements, governmental funds report nonspendable portions of fund balance related to prepaid items, inventories, long-term receivables, and corpus on any permanent fund. Restricted funds are constrained from outside parties (statute, grantors, bond agreements, etc.). Committed fund balances are established and modified by a resolution approved by the Board of Education. The Board of Education chose not to authorize anyone to assign fund balances and their intended uses. Unassigned fund balances are considered the remaining amounts in the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is the School's policy to use restricted first, then unrestricted fund balance.

#### P. Risk Management

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The School purchases commercial insurance coverage for such risks.

There has been no significant reduction in insurance coverage from the previous year in any of the School's policies. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

#### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Q. Net Position

Net position represents the difference between assets and liabilities in the School-wide financial statements. Net investment in capital assets consists of capital assets, net of accumulation depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the School-wide financial statement when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

#### R. Summarized Comparative Data

The basic financial statements include certain prior-year summarized comparative information in total but not at the level of detail required for a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the School's financial statements for the year ended June 30, 2015, from which the summarized information was derived.

#### NOTE 2 STEWARDSHIP AND ACCOUNTABILITY

**Excess of Expenditures Over Budget** 

Expenditures exceeded budgeted amounts at June 30, 2016 as follows:

|                        | I  | Budget | Exp | enditures | E  | xcess |
|------------------------|----|--------|-----|-----------|----|-------|
| Special Revenue Funds: | _  |        |     |           |    |       |
| Food Service Fund      | \$ | 60,978 | \$  | 61,645    | \$ | 667   |
| Community Service Fund |    | 57,423 |     | 58,262    |    | 839   |

The overages were considered by School management to be the result of necessary expenditures critical to operations and were approved by the board.

#### NOTE 3 DEPOSITS

The School maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of net position and the balance sheet as "Cash." In accordance with Minnesota Statutes, the School maintains deposits at financial institutions which are authorized by the School Board.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a bank failure, the School's deposits may not be returned to it. The School does not have a deposit policy for custodial credit risk and follows Minnesota Statutes for deposits.

Minnesota Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or corporate surety bonds.

#### NOTE 3 DEPOSITS (CONTINUED)

Authorized collateral include: U.S. government treasury bills, notes, or bonds; issues of a U.S. government agency; general obligations of a state or local government rated "A" or better; revenue obligations of a state or local government rated "AA" or better; irrevocable standby letter of credit issued by a Federal Home Loan Bank; and time deposits insured by a federal agency. Minnesota Statutes require securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or at an account at a trust departments of a commercial bank or other financial institution not owned or controlled by the depository.

The School's deposits in banks at June 30, 2016 in the amount of \$658,788 were entirely covered by federal depository insurance or by surety bonds and collateral in accordance with Minnesota Statutes.

#### NOTE 4 CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2016 was as follows:

|   | Beginning<br>Balance | In | icreases | De | ecreases | Ending<br>Balance |
|---|----------------------|----|----------|----|----------|-------------------|
| Governmental Activities                     |                      |    |          |    |          |                   |
| Capital Assets, Being Depreciated:          |                      |    |          |    |          |                   |
| Leasehold Improvements                      | \$<br>419,566        | \$ | -        | \$ | -        | \$<br>419,566     |
| Equipment                                   | 185,255              |    | 6,950    |    | (17,838) | 174,367           |
| Total Capital Assets, Being Depreciated     | 604,821              |    | 6,950    |    | (17,838) | 593,933           |
| Accumulated Depreciation for:               |                      |    |          |    |          |                   |
| Leasehold Improvements                      | (94,401)             |    | -        |    | -        | (94,401)          |
| Equipment                                   | (130,771)            |    | (32,015) |    | 21,408   | (141,378)         |
| Total Accumulated Depreciation              | (225,172)            |    | (32,015) |    | 21,408   | (235,779)         |
| Governmental Activities Capital Assets, Net | \$<br>379,649        | \$ | (25,065) | \$ | 3,570    | \$<br>358,154     |

Depreciation expense was charged to functions of the School as follows:

#### **Governmental Activities** \$ District Support Services 656 Regular Instruction 4,146 Special Education Instruction 1,475 Community Education 1,590 **Pupil Support Services** 405 Sites and Buildings 23,743 Total Depreciation Expense, Governmental Activities 32,015

#### NOTE 5 DEFINED BENEFIT PENSION PLANS

Substantially all employees of the Prairie Creek Community School are required by state law to belong to pension plans administered by Teachers' Retirement Association (TRA) or Public Employees' Retirement Association (PERA), all of which are administered on a statewide basis. Disclosures relating to these plans follows:

#### A. Plan Description

The District participates in the following defined benefit pension plans administered by the Public Employees Retirement Association (PERA) and Teachers Retirement Fund (TRA). PERA's and TRA's defined benefit pension plans are established and administered in accordance with Minnesota Statutes. PERA's and TRA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

#### 1. General Employees Retirement Plan (GERF)

PERA's defined benefit pension plans are established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. All full-time and certain part-time employees of the School other than teachers are covered by the General Employees Retirement Fund (GERF). GERF members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. The Basic Plan was closed to new members in 1967. All new members must participate in the Coordinated Plan.

#### 2. Teachers Retirement Fund (TRA)

TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with Minnesota Statutes, Chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member and three statutory officials.

Teachers employed in Minnesota's public elementary and secondary schools, charter schools, and certain educational institutions maintained by the state (except those teachers employed by the city of St. Paul and by the University of Minnesota system) are required to be TRA members. State university, community college, and technical college teachers first employed by the Minnesota State College and Universities (MnSCU) may elect TRA coverage within one year of eligible employment. Alternatively, these teachers may elect coverage through the Defined Contribution Retirement Plan (DCR) administered by MnSCU.

#### B. Benefits Provided

PERA and TRA provide retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature.

PERA: Benefit increases are provided to benefit recipients each January. Increases are related to the funding ratio of the plan. Members in plans that are at least 90% funded for two consecutive years are given 2.5% increases. Members in plans that have not exceeded 90% funded, or have fallen below 80%, are given 1% increases.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### B. Benefits Provided (Continued)

TRA: Postretirement benefit increases are provided to eligible benefit recipients each January. The TRA increase is 2.0%. After the TRA funded ratio exceeds 90% for two consecutive years, the annual postretirement benefit will increase to 2.5%.

The benefit provisions stated in the following paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

#### 1. GERF Benefits

Benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated and Basic Plan members. The retiring member receives the higher of a step-rate benefit accrual formula (Method 1) or a level accrual formula (Method 2). Under Method 1, the annuity accrual rate for a Basic Plan member is 2.2% of average salary for each of the first ten years of service and 2.7% for each remaining year. The annuity accrual rate for a Coordinated Plan member is 1.2% of average salary for each of the first ten years and 1.7% for each remaining year. Under Method 2, the annuity accrual rate is 2.7% of average salary for Basic Plan members and 1.7% for Coordinated Plan members for each year of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66. Disability benefits are available for vested members, and are based upon years of service and average high-five salary.

#### 2. TRA Benefits

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota Statute and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age, and a formula multiplier based on years of credit at termination of service.

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989, receive the greater of the Tier I or Tier II benefits as described.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### B. Benefits Provided (Continued)

#### 2. TRA Benefits (Continued)

#### Tier 1 Benefits

| Tier 1      | Step Rate Formula   | Percentage    |
|-------------|---|---------------|
| Basic       | First Ten Years of Service  | 2.2% per Year |
|             | All Years After   | 2.7% per Year |
| Coordinated | First Ten Years of Service are Up to July 1, 2006                     | 1.2% per Year |
|             | First Ten Years, If Service Years are July 1, 2006 or After           | 1.4% per Year |
|             | All Other Years of Service If Service Years are Up to July 1, 2006    | 1.7% per Year |
|             | All Other Years of Service If Services Years are July 1, 206 or After | 1.9% per Year |

#### With these provisions:

- (a) Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- (b) 3.0% per year early retirement reduction factor for all years under normal retirement age.
- (c) Unreduced benefits for early retirement under a Rule-of-90 (age plus allowable service equals 90 or more).

or

#### Tier II Benefits

For years of service prior to July 1, 2006, a level formula of 1.7% per year for coordinated members and 2.7% per year for basic members. For years of service July 1, 2006 and after, a level formula of 1.9% per year for Coordinated members and 2.7% for Basic members applies. Beginning July 1, 2015, the early retirement reduction factors are based on rates established under Minnesota Statute. Smaller reductions, more favorable to the member, will be applied to individuals who reach age 62 and have 30 years or more of service credit.

Members first employed after June 30, 1989, receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree - no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans that have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

The benefit provisions stated apply to active plan participants. Vested, terminated employees who are entitled to benefits but not yet receiving them are bound by the plan provisions in effect at the time they last terminated their public service.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### C. Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

#### 1. **GERF Contributions**

Basic Plan members and Coordinated Plan members were required to contribute 9.1% and 6.5%, respectively, of their annual covered salary in fiscal year 2016. In fiscal year 2016, the School was required to contribute 11.78% of pay for Basic Plan members and 7.5% for Coordinated Plan members. The School's contributions to the GERF for the plan's fiscal year ended June 30, 2016 were \$20,583. The School's contributions were equal to the required contributions for each year as set by state statute.

#### 2. TRA Contributions

Per Minnesota Statutes, Chapter 354 sets the contribution rates for employees and employers. Rates for each fiscal year were:

|             | Ending Jun | e 30, 2015 | _ <u>Ending June 30, 201</u> |          |  |
|-------------|------------|------------|------------------------------|----------|--|
|             | Employee   | Employer   | Employee                     | Employer |  |
| Basic       | 11.0 %     | 11.5 %     | 11.0 %                       | 11.5 %   |  |
| Coordinated | 7.5        | 7.5        | 7.5                          | 7.5      |  |

The School's contributions to TRA for the plan's fiscal year ended June 30, 2016 were \$57,426. The School's contributions were equal to the required contributions for each year as set by state statute.

#### D. Pension Costs

#### 1. GERF Pension Costs

At June 30, 2016, the School reported a liability of \$212,485 for its proportionate share of the GERF's net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School's proportion of the net pension liability was based on the School's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2014, through June 30, 2015, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2016, the School's proportion was .0041%, which was a decrease of .0008% from its proportion measured as of June 30, 2015.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### D. Pension Costs (Continued)

#### 1. GERF Pension Costs (Continued)

GERF benefit provision changes during the measurement period included (1) the merger of the former Minneapolis Employees Retirement Fund division into GERF, effective January 1, 2015, and (2) revisions to Minnesota Statutes to make changes to contribution rates less prescriptive and more flexible.

The discount rate used to calculate liabilities for the June 30, 2015, measurement date was 7.9%. The Legislature has since set the discount rate in statute at 8% beginning with the June 30, 2016, measurement date the discount rate used when calculating liabilities based on GASB 68 accounting requirements will be increased to 8% to be consistent with the rate set in statute used for funding purposes.

For the year ended June 30, 2016, the School recognized pension expense of \$12,094 for its proportionate share of GERF's pension expense.

At June 30, 2016, the School reported its proportionate share of GERF's deferred outflows of resources and deferred inflows of resources from the following sources:

|   | Deferred<br>Outflows of |         | _  | eferred<br>flows of |
|---|-------------------------|---------|----|---------------------|
| Description   | Re                      | sources | Re | esources            |

#### D. Pension Costs (Continued)

#### 1. GERF Pension Costs (Continued)

A total of \$20,583 reported as deferred outflows of resources related to pensions resulting from School contributions to GERF subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2017. Other amounts reported as deferred outflows and inflows of resources related to GERF pensions will be recognized in pension expense as follows:

|                      | Pension |        |
|----------------------|---------|--------|
|                      | Expen   | ses    |
| Year Ending June 30, | Amou    | unt    |
| 2017                 | \$ (1   | 4,772) |
| 2018                 | (1      | 4,772) |
| 2019                 | (2      | 2,373) |
| 2020                 |         | 5,031  |
| 2021                 |         | -      |
| Thereafter           |         | -      |

#### 2. TRA Pension Costs

At June 30, 2016, the School reported a liability of \$872,225 for its proportionate share of TRA's net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The School's proportion of the net pension liability was based on the School's contributions to TRA in relation to total system contributions including direct aid from the State of Minnesota, City of Minneapolis and Minneapolis School District. The School's proportionate share was 0.0141% at the end of the measurement period and 0.0152% for the beginning of the period.

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the School as its proportionate share of the net pension liability, the direct aid, and total portion of the net pension liability that was associated with the School were as follows:

| Description                                      | /  | Amount  |
|--|----|---------|
| School's Proportionate Share of the TRA          |    |         |
| Net Pension Liability                            | \$ | 872,225 |
| State's Proportionate Share of TRA's Net Pension |    |         |
| Liability Associated with the School             |    | 106,787 |

For the year ended June 30, 2016, the School recognized pension expense of \$68,132. It also recognized \$18,879 as pension expense for the support provided by direct aid.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### D. Pension Costs (Continued)

#### 2. TRA Pension Costs (Continued)

At June 30, 2016, the School reported its proportionate share of the TRA's deferred outflows of resources and deferred inflows of resources, and its contributions subsequent to the measurement date, related to pensions from the following sources:

|   | Deferred<br>Outflows of |          | Deferred<br>Inflows of |          |  |
|---|-------------------------|----------|------------------------|----------|--|
| Description   | Re                      | esources | Re                     | sources  |  |
| Differences Between Expected and Actual Economic Experience   | \$                      | 44,693   | \$                     | -        |  |
| Changes in Actuarial Assumptions  |                         | 67,051   |                        | -        |  |
| Net Difference Between Projected and Actual Investment Earnings   |                         | -        |                        | 66,710   |  |
| Changes in Proportion and Differences Between<br>School Contributions and Proportionate Share<br>of Contributions |                         | 66,325   |                        | 30,450   |  |
| School Contributions Subsequent to the Measurement Date   | <u> </u>                | 57,426   | •                      | - 07.160 |  |

#### NOTE 5 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### E. Merger of Duluth Teacher's Retirement Fund Association (DTRFA)

Legislation enacted in 2014 merged the Duluth Teachers Retirement Fund Association (DTRFA) with TRA effective June 30, 2015. The beginning balances of total pension liability and fiduciary net position were adjusted to reflect the merger of DTRFA.

|                                 | 6/30/14 CAFR      | Restated          |
|---------------------------------|-------------------|-------------------|
| Total Pension Liability (A)     | \$ 24,901,612,000 | \$ 25,299,564,000 |
| Plan Fiduciary Net Position (B) | 20,293,684,000    | 20,519,756,000    |
| Net Pension Liability (A-B)     | \$ 45,195,296,000 | \$ 45,819,320,000 |

#### F. Actuarial Assumptions

The total pension liability in the June 30, 2016, actuarial valuation was determined using the following actuarial assumptions:

| Assumptions                  | GERF           | TRA                       |
|------------------------------|----------------|---------------------------|
| Inflation                    | 2.75% per Year | 3.50%                     |
| Active Member Payroll Growth | 3.50% per Year | 3.5 - 12%,                |
|                              |                | Based on Years of Service |
| Investment Rate of Return    | 7.90%          | 8.00%                     |

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors and disabilitants were based on RP-2000 tables for males or females, as appropriate, with slight adjustments.

Actuarial assumptions used in the June 30, 2015, valuation were based on the results of actuarial experience studies. The actuarial experience study in the GERF was for the period July 1, 2004 through June 30, 2008, with an update of economic assumptions in 2014. Experience studies have not been prepared for PERA's other plans, but assumptions are reviewed annually. The actuarial experience study for TRA was for the period July 1, 2004 through June 30, 2008, and a limited scope experience study dated August 29, 2014. The limited scope experience study addressed only inflation and long-term rate of return for the GASB 67 valuation.

The following changes in actuarial assumptions for GERF occurred in 2015: the discount rate was changed from 8.0% through June 30, 2017 and 8.5% thereafter to 7.9% for all years, the inflation assumption was changed from 3.0% to 2.75%, the payroll growth assumption was changed from 3.75% to 3.5%, assumed increases in member salaries were decreased by .25% at all ages and the assumed postretirement benefit increase rate was changed from 1.0% per year through 2026 and 2.5% thereafter to 1.0% per year through 2034 and 2.5% per year thereafter.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### F. Actuarial Assumptions (Continued)

There was a change in actuarial assumptions that affected the measurement of the total liability since the prior measurement date for TRA. Post-retirement benefit adjustments are now assumed to be 2.0% annually with no increase to 2.5% projected. The prior year valuation assumed a 2.5% increase commencing July 1, 2034.

The long-term expected rate of return on pension plan investments is 7.9% for GERF and 8.0% for TRA. The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

|                      |            | Long-Term      |
|----------------------|------------|----------------|
|                      | Target     | Expected Real  |
| Asset Class          | Allocation | Rate of Return |
| Domestic Equity      | 45%        | 5.50%          |
| International Equity | 15%        | 6.00%          |
| Bonds                | 18%        | 1.45%          |
| Alternative Assets   | 20%        | 6.40%          |
| Cash                 | 2%_        | 0.50%          |
| Totals               | 100%       |                |

#### G. Discount Rate

The discount rate used to measure the total pension liability was 7.9% for GERF and 8.0% for TRA. For TRA, this was a decrease from the discount rate at the prior measurement date of 8.25%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, each of the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### NOTE 5 DEFINED BENEFIT PENSION PLANS (CONTINUED)

#### H. Pension Liability Sensitivity

The following presents the School's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the School's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

|  |             |           | (             | Current | •               | 1% Increase in |
|--|-------------|-----------|---------------|---------|-----------------|----------------|
| Description                                  | 1% Decrease |           | Discount Rate |         | Discount Rate [ |                |
| GERF Discount Rate                           |             | 6.90%     |               | 7.90%   |                 | 8.90%          |
| School's Proportionate Share of the GERF Net |             |           |               |         |                 |                |
| Pension Liability                            | \$          | 334,099   | \$            | 212,485 | \$              | 112,047        |
|  |             |           |               |         |                 |                |
| TRA Discount Rate                            |             | 7.00%     |               | 8.00%   |                 | 9.00%          |
| School's Proportionate Share of the TRA Net  |             |           |               |         |                 |                |
| Pension Liability                            | \$          | 1,327,639 | \$            | 872,225 | \$              | 492,168        |

#### I. Pension Plan Fiduciary Net Position

Detailed information about GERF's fiduciary's net position is available in a separately-issued PERA financial report. That report may be obtained on the Internet at www.mnpera.org; by writing to PERA at 60 Empire Drive #200, St. Paul, Minnesota, 55103-2088; or by calling (651) 296-7460 or 1-800-652-9026.

Detailed information about TRA's fiduciary net position is available in a separately-issued TRA financial report. That report can be obtained at www.MinnesotaTRA.org; by writing to TRA at 60 Empire Drive #400, St. Paul, Minnesota, 55103-2088; or by calling (651) 296-2409 or 1-800-652-9026.

#### NOTE 6 COMMITMENTS AND CONTINGENCIES

#### A. Federal and State Programs

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the School expects such amounts, if any, to be immaterial.

#### NOTE 6 COMMITMENTS AND CONTINGENCIES (CONTINUED)

#### B. Lease Commitments and Terms

During fiscal year 2009, the School signed a new lease effective July 1, 2009, with a 21-year period through June 30, 2030. The initial base lease of \$236,250 requires monthly payments of \$19,688 and the lessee to pay the cost of utilities. The square foot cost of the base lease is \$11.25. The yearly cost of the base lease will increase each year based on a \$.25 increase per sq. ft. as an inflationary factor, except in fiscal year 2016, in which there is zero increase. Future minimum lease payments are as follows:

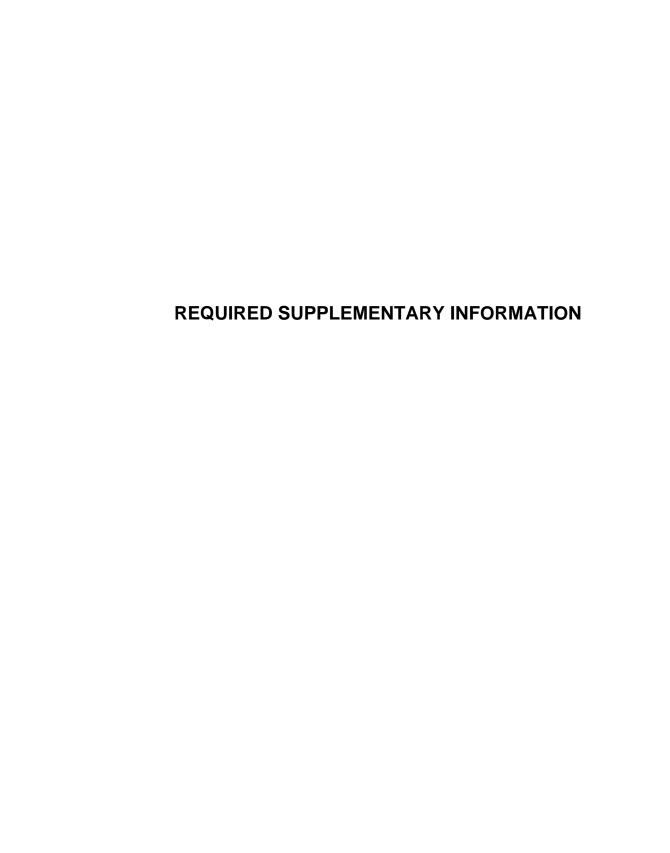

| Year Ending June 30,         | Amount     |           |  |
|------------------------------|------------|-----------|--|
| 2017                         | \$ 267,750 |           |  |
| 2018                         |            | 273,000   |  |
| 2019                         |            | 278,250   |  |
| 2020                         |            | 283,500   |  |
| 2021                         |            | 288,750   |  |
| 2022 - 2026                  |            | 1,522,500 |  |
| 2027 - 2030                  |            | 1,312,500 |  |
| Total Minimum Lease Payments | \$         | 4,226,250 |  |

For fiscal 2016, the School qualified for state charter school lease aid of \$236,250 based on 90% of the state-approved lease expenditures. Such aid entitlement is expected to be prorated if state-wide appropriations are insufficient to fully fund the charter school lease aid entitlements. The total amount of rent paid by the School to under the terms of the lease agreement was \$262,500 for fiscal 2016.

The School's ability to make payments under this lease agreement for educational space is dependent on its revenues which are, in turn, largely dependent on sufficient enrollments being served at the School and on sufficient state aids per student being authorized and received from the State of Minnesota. The School believes that its enrollments and aid entitlements will be sufficient to meet the lease obligations as they become due.

On August 29, 2014, the School entered into a lease agreement for two copiers. The term of the lease is five years ending on August 29, 2019. The lease calls for monthly payments of \$245 and future minimum payments on the lease are as follows:

| Year Ending June 30,         | Amount |       |  |
|------------------------------|--------|-------|--|
| 2017                         | \$     | 2,940 |  |
| 2018                         |        | 2,940 |  |
| 2019                         |        | 2,940 |  |
| Total Minimum Lease Payments | \$     | 8,820 |  |

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Members of the Board of Education Charter School No. 4090 Prairie Creek Community School Northfield, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Prairie Creek Community School, as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise Prairie Creek Community School's basic financial statements, and have issued our report thereon dated October 4, 2016.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Prairie Creek Community School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Prairie Creek Community School's internal control. Accordingly, we do not express an opinion on the effectiveness of Prairie Creek Community School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Members of the Board of Education Charter School No. 4090 Prairie Creek Community School

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Prairie Creek Community School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of Prairie Creek Community School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Prairie Creek Community School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### INDEPENDENT AUDITORS' REPORT ON MINNESOTA LEGAL COMPLIANCE

Members of the Board of Education Charter School No. 4090 Prairie Creek Community School Northfield, Minnesota

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Prairie Creek Community School as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated October 4, 2016.

The *Minnesota Legal Compliance Audit Guide for Political Subdivisions* promulgated by the State Auditor pursuant to Minn. Stat. § 6.65, identifies two main categories of compliance to be tested in audits of charter schools: uniform financial accounting and reporting standards and charter schools. Our study included the listed categories.

In connection with our audit, nothing came to our attention that caused us to believe that Prairie Creek Community School failed to comply with the provisions of the Minnesota Legal Compliance Audit Guide for Political Subdivisions. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the School's noncompliance with the above-referenced provisions.

The purpose of this report is solely to describe the scope of our testing of compliance relating to the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions* and the results of that testing, and not to provide an opinion on the effectiveness of the Schools compliance. Accordingly, this communication is not suitable for any other purpose.
