

Monday, August 10, 2020

Dear PCCS families,

Good afternoon! That was quite the storm last night. It sure kept me awake. My dog, however, slept soundly through the whole thing. Go figure!

It is still our plan to make an announcement regarding the school model we plan to start the year with on Monday, August 17. This week we will be monitoring the local health data following state guidelines and in collaboration with Rice County Public Health and our authorizer, Northfield Public Schools. Any decision, of course, will be subject to change as this pandemic continues to evolve and we monitor the local situation. We continue to work hard on plans for all three scenarios as we prepare for this abnormal year ahead of us. The plan summaries and the master contingency plan documents can be found on the [school website](#).

Device Drop-off

We will be hosting a drop off of iPads and Chromebook on Friday, August 21 from 9am - 11am. All PCCS devices, headsets and power cords will need to be returned. If you are unable to make this window of time, please email tech@prairiecreek.org to make an alternate plan for device return.

20/21 School Supply Lists

Our classroom teachers have developed supply lists for each team. The lists look a bit different to prior years as we are planning with health and safety and all three scenarios in mind. The supply lists can be found [here](#).

Our leadership team has been busy making phone calls to informally touch base with each family. It has been fun and informative to chat with you. We appreciate your feedback and questions. They help us check our focus, and guide direction as we continue to plan for the year ahead.

Have a wonderful week!

Simon
